ShakeItUp Theatre Ltd<sup>®</sup>

We are delighted to offer our ready-to-roll 'ShakeltUp: The Improvised Shakespeare Show' for Summer 2020!

We offer:

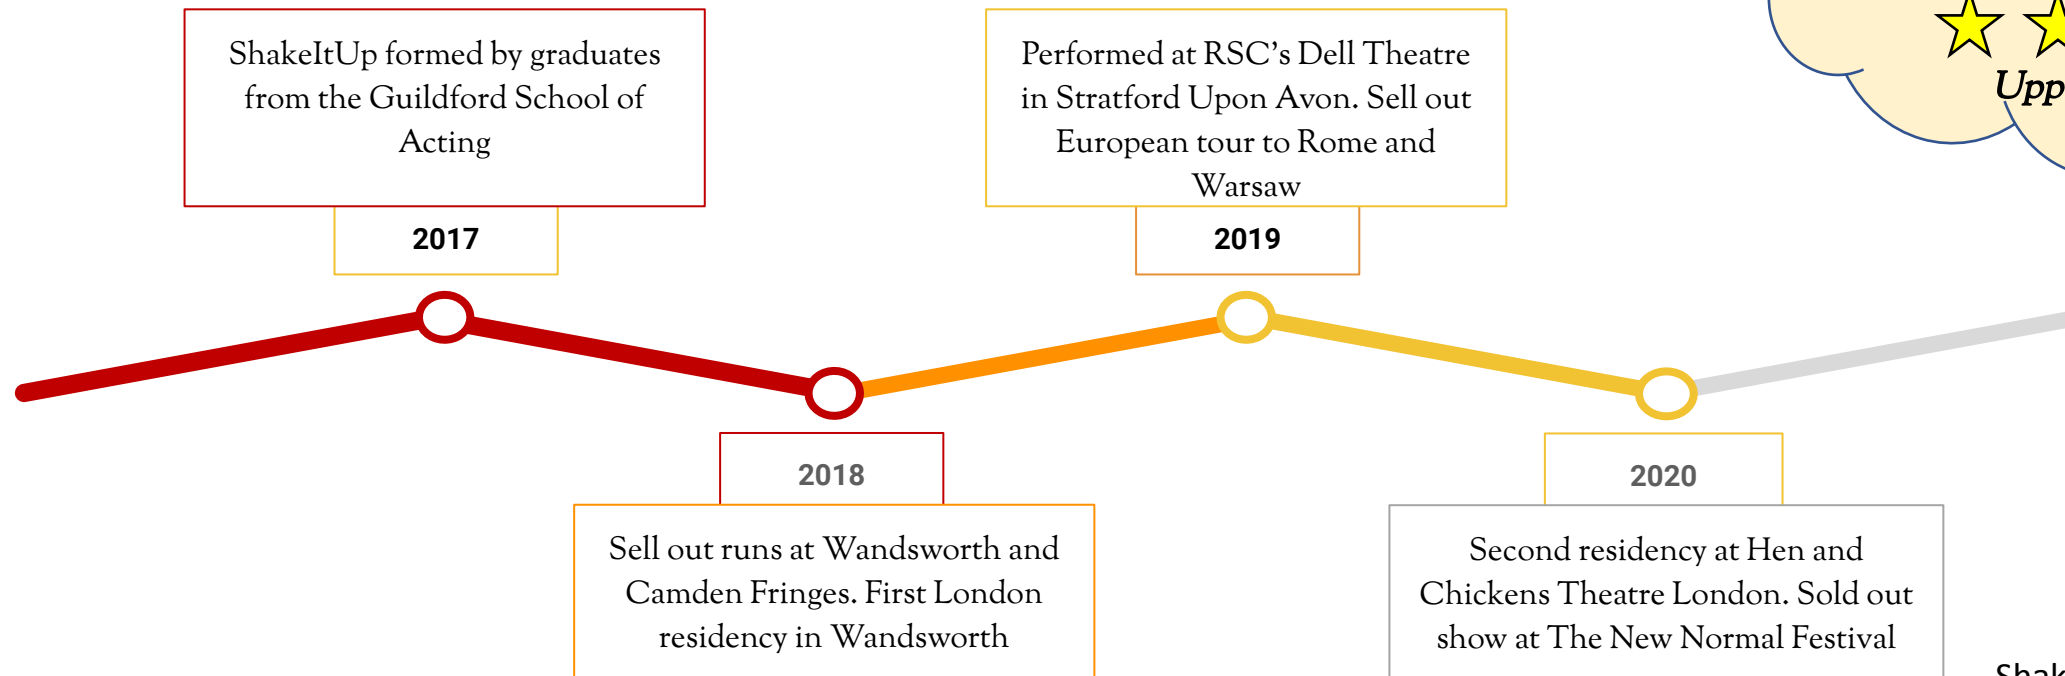

- ❖ a **Unique** improvised theatre experience where the audience create a new show every time
- ❖ a **Tailor-made** experience: choose the length of show ranging from 20 - 90 minutes

***The home of Bard Based Bedlam!***

## Who we are:

- ❖ A company of professional actors, musicians and Shakespeare lovers
- ❖ Our mission is to bring Shakespeare to new audiences and make his work accessible. Shakespeare wrote for all people and we believe his work should be open to everyone

## Covid Response:

- i) **Safe:** All company members are trained in Covid safe working practices and will be provided with their own personal hygiene equipment. We can set up and strike in less than 15 minutes and provide our own tech support minimising non-performance time spent on premises.
  
- i) **Compliant:** Due to the flexible nature of our show we are able to adapt with short notice to any staging requirements needed to meet government requirements for social distancing.
  
- i) **Guaranteed:** Each show requires 5 performers. With a company of 12 on standby ready to go we can be confident that we will still be able to deliver our show even if some cast members are required to self-isolate via track and trace.
